Take Your Education to New Heights!
Join the Aerospace Community!

WANTED: College students in science, technology, engineering, mathematics, and business administration, transitioning military, and entry-level aerospace personnel.

Combine your education and talents with your interest in space. To learn more about opportunities in the space industry, plan to attend the annual Space Career Fair – hosted by the Space Foundation, its corporate members and sponsoring companies.

REGISTER NOW!! The first 300 participants that REGISTER and ATTEND the “Meet the Company” morning sessions will receive a complimentary networking lunch with sponsoring companies.

What: Space Career Fair

Who: Undergraduate and graduate students with a valid student ID, transitioning military, entry level aerospace personnel

When: Tuesday, April 4, 2006

Where: The Broadmoor Hotel
West Ballroom – Meet the Company Presentations
Rocky Mountain Ballroom – Space Career Pavilion and Networking Luncheon

Conducted as part of the 22nd National Space Symposium held April 3-6, 2006, at The Broadmoor, Colorado Springs, Colorado

Cost: FREE to attend, but pre-registration is required.

The Space Career Fair features “Meet the Company” presentations by space industry representatives, entrance into the Space Career Pavilion and a visitor’s pass into the Lockheed Martin Exhibit Center at the 22nd National Space Symposium. Registrants will also have the opportunity to e-mail their resumes to leading space companies prior to the event for a pre-scheduled interview.

Company representatives will be available to discuss current career opportunities, industry trends, and upcoming civil, commercial, and national security needs.

To sponsor this premier event, register, or get additional information, visit www.SpaceCareerFair.org or call 1.800.691.4000.
